me: yo yo
me: I'm going to go to Texas for about a month and a half in about a week
BushwickBK.com: hah ok
BushwickBK.com: run back to momma n ur trust fund you texaiowasotan wimp
me: I can still provide you columns if you'd like during that time, was going to do some profile pieces and interviews as well as other such things that wouldn't require my physical presence, and at any rate my columns almost never depend on me being here anyway since I rarely go outside
me: let me know
BushwickBK.com: can't handle it in the big city you pigfucker
me: NOOOOOO
BushwickBK.com: that's fine
me: actually, gonna stay with my friend Caleb
me: down in Tyler Texas
BushwickBK.com: just make them locally relevant and it's fine
BushwickBK.com: Tyler!
BushwickBK.com: all the best crackpots are in Tyler
me: he moved down there to take that producer job at NBC affiliate
me: I know, I lived near there once
me: I'm going to start on my third book
me: and work with him on Project PM in the evenings
me: should be more productive than usual
BushwickBK.com: and you'll be comig back?
me: yeah, by August, gotta be up here for my book launch
me: media stuff, etc
me: also going hunting with my dad
me: and gonna check on that "dying" uncle of mine
BushwickBK.com: hah yeah
me: who's now seeing an Ethiopian
BushwickBK.com: "sup uncle asa, you up'n did yet?"
me: he'll never fucking die
me: fucking guy makes me look straight edge
BushwickBK.com: haha
me: I'll be bringing some boar meat back, also
me: like a cooler full of it
BushwickBK.com: YES
me: possibly venison too

BushwickBK.com: venison doesn't excite me
BushwickBK.com: I had it once; rather have beef
me: well, I also prefer boar meat
me: at any rate, it will be either all or mostly boar meat
BushwickBK.com: never had it, how is it diffrent from pork
BushwickBK.com: wilder?
me: so let's plan to have a BBQ in your backyard in August
BushwickBK.com: you got it
me: it's got more protein, tastes far better than most any meat one can get
BushwickBK.com: sounds good to me
me: this is wild Texas boar, we shoot the younger ones for meat, adolescent boars provide absolute best meat possible
me: then I'll post invitations on local vegan sites
BushwickBK.com: so that's like veal? liberals should hate it right
me: not at all, they hate veal because it's created by isolating baby calves in confined spaces
me: these boar run free until such time as my dad and I shoot them through the shoulder and hit vital organs
me: they die within two seconds
me: liberals should love it
